Work Experience

Senior Front End Software Engineer HQ Digital (Digital Currency Group) May 2022 - Present

Led a team of front end developers. Defined requirements, created tickets, planned projects, and distributed work amongst developers. Implemented unit tests, training, and coverage requirements to improve project reliability. Facilitated agile retro ceremonies. Built secure file storage interface and implemented billing and payment system with **Vue**, **Typescript**, and **SCSS**.

Senior Front End Software Engineer Preem June 2021 - May 2022

Developed greenfield web application using **React**, **Typescript**, and **SCSS**. Mentored other developers. Defined front-end application structure, solutions, and standards.

Senior Front End Software Engineer The Hillman Group April 2020 - June 2021

Designed and developed user interfaces and technician maintenance screens for customer-facing robotic hardware in **Vue** and **JavaScript**.

Software Engineer IHS Markit Jul 2018 - April 2020

Mentored and trained new engineers. Designed and developed platform-level internal tools for other developers to generate new projects, improved efficiency and test coverage. Helped create and launch new web features for large financial institutions in **Svelte**, **Vue**, **C#**, and **React**.

Full Stack Engineer Frontdesk Anywhere Oct 2017 - Jun 2018

Designed and implemented new Greenhat SLA plan to improve communication between Customer Service and Engineering. Redesigned Internet Booking Engine with **Polymer 3**, including new dynamic rate calendar and innovative new booking sentence. Addressed a variety of issues with **PHP**, **MySQL**, **HTML5**, **JavaScript**, **ES6**, and **JQuery**.

CMS Consultant (Professional Services) Crownpeak Technology Jul 2016 - Oct 2017

Bridged the gap between what the salespeople sell and what the product actually does. Developed templates to integrate agency-provided designs into the crownpeak CMS system, using **C#**, **HTML5**, **JavaScript**, **JQuery**, and **CSS3**. Nominated for Employee of the Quarter, Q2 2017.

Creative Solutions Engineer Greenlight Community Broadband Oct 2009 - Jul 2016

Managed two interns during the summer internship program. Managed video production studio including crew and on-air talent. Designed and developed new internal and external city websites and mobile web apps utilizing **HTML5**, **JavaScript**, **JQuery**, **CSS3**, **PHP**, **MySQL**, **Bootstrap**, **JpGraph**, and **WordPress**. Reduced page count by 90%. Built a tool to generate custom price quotes on-the-fly for sales purposes using **HTML5**, **JQuery Mobile**, **CSS3**, and **MySQL**. Designed a variety of online and print advertisements and campaigns using **Adobe Photoshop** and **Adobe Illustrator**. Produced videos for multiple clients using **Adobe Premiere**, **Adobe After Effects**, **Adobe Audition**, and **Adobe Photoshop**.
